David, Sounds good. I've copied Bill Jordan who can send you a copy of the draft proposed Worker Protection Standard rule. We are planning to submit to OMB later this month. During that process DOL will get the rule formally for review. See you next week.

Subject: Worker Protection Standard for Agricultural Pesticides

Jim –

I've heard that EPA's Office of Pesticide Programs is working on a revision to the Worker Protection Standard for Agricultural Pesticides. Since it covers several issues in which we are involved (like Personal Protective Equipment and Hazard Communications), we would very much like the opportunity to take a look at it and, as appropriate, provide some input before moves too far forward.

Do you think that might be possible?

Thanks very much. I'm looking forward to lunch on the 12th.

David
